Christmas Greeting Cards

6 fold-in-half designs · type your message, print, fold

- Each design is 2 pages: page A is the outside (back + front), page B is the inside.
- Type your message into the inside page first (Adobe Acrobat Reader or your browser).
- Print double-sided on card stock (200–250 gsm). Most printers need 'flip on short edge' –
- if the inside prints upside down, reprint with 'flip on long edge'.
- No duplex printer? Print page A, put the sheet back in the tray, then print page B.
- Fold along the centre (the small marks at the top and bottom), with the design outside.
- Folded size: 5.5 × 8.5 in.
- Typed text uses a standard Latin font; for other alphabets, write your message by hand.
